CHETNIKS TO BE SEEN AT THE REX

Sabotaging by day, raiding by night and striking the enemy in a thousand places, "Chetniks!" The Fighting Guerrillas, 20th Century-Fox's thrilling new film, is slated to flash across the screen of the Rex Theatre, Sidney, Thursday, Friday and Saturday, and on Monday, next week, at the Rex Theatre, Ganges.

Featuring Philip Dorn, Anna Sten, John Shepperd, Virginia Gilmore and Martin Kosleck, the action is set in the Balkan mountains. But the film might well be the death-defying story of guerrillas everywhere, for the patriotism and daring methods of these heroic men are present wherever men fight for freedom and the women live.

Dorn is lost as the Chetnik leader and it is upon his that the movie moves silently down from the hills to prey on enemy contingents, derailing trains and blasting ammunition dumps. They disrupt enemy communications, immobilize Axis troops and provide the invader with a constant headache.

Romance and drama vie with the action of the film. Unable to stop the Chetniks, the invader attempts to capture their leader through his wife and children. All food stores are closed to the people of Kotar, until they inform on the whereabouts of the chief's family. The Chetniks break this starvation threat by kidnapping important enemy personages and holding them hostage, until the stores are re-opened.

The invader, though foiled, eventually finds the guerrilla leader's wife and children. When they refuse to betray the Chetniks to the enemy, the occupying forces promise to spare Kotar just as they did Lidice. But, in a stirring climax, the Chetniks descend on the city and wipe out the enemy garrison. Free for the moment, the townsfolk gather on the steps of the church, to cheer the Chetnik leader's declaration that they will soon be free forever.

Also on the same program is another feature with Milton Berle as the star, "Whispering Ghosts." At his slap-happiest, Milton Berle makes his first starring screen appearance in 20th Century-Fox's mystery thriller.

Tuesday and Wednesday, next week, at the Rex, Sidney, the feature picture "The American Empire" stars Richard Dix and Preston Foster. Also on the same program is "Taxi, Mister?", starring William Bendix and Grace Bradley.

A NICE GESTURE

In a news item elsewhere in this issue our readers (particularly in North Saanich) will note that Rest Haven Hospital is sponsoring an entertainment on Tuesday evening, Nov. 30, in aid of the funds necessary to carry on the North Saanich Volunteer Fire Brigade.

This is a thoughtful gesture on the part of Rest Haven and is very much appreciated by the fire protection committee. This is becoming sort of an annual affair of the local hospital and besides providing entertainment to many in the vicinity of the institution results in a nice little sum of money to be turned over for maintenance, etc., of the local fire brigade. Citizens of North Saanich interested should make note of this event now and plan to attend and bring along their friends. (And don't forget to bring along a little change for the collection!)

To the management and staff of Rest Haven, in anticipation of a successful evening, we say, "Many Thanks!"

Contributions to the fire fund keep coming in fairly regular. Have you made your 1943 contribution? If not, will you please go into a huddle with yourself and vote a sum that your conscience dictates? Thanks a lot!

Declining Debts Mean Rising Credits

After you have supported Canada's War Loans to the fullest, and when considering future investments, give thought to the opportunities offered by British Columbia:

The Public Debt of the Province as at March 31, 1943, amounted to (Gross)	\$153,254,239.92
The Sinking Funds amounted to	17,634,486.50
Leaving a net debt as at March 31, 1943	\$135,619,753.42

This shows a decrease in the Gross Debt, during the 12 months ended at the said date, of \$12,329,857.14, and a decrease in the net debt of \$10,065,337.35.

It is also interesting to note that British Columbia is the only Province in the Dominion where a reduction is shown in the Public Debt during the past 10 years. A comparison with 1933 shows a decrease of \$13,744,355.62.

WITH BRITISH COLUMBIA'S DEBT STEADILY DECLINING NO BETTER INVESTMENT CAN BE FOUND THAN IN THE PROVINCIAL BONDS OF CANADA'S MOST WESTERN PROVINCE.

LIQUOR

Sir: Being truly troubled by the daily recorded facts of the sorrow and evil caused by too much consumption of liquor, I wonder why we, a so-called Christian people, do not fight more vigorously against the liquor traffic.

Often we see beer parlors or inns check in as if we were to churches, even practically sandwiched between one place of worship and the other, children waiting outside of the beer parlors while their elders are drinking within said "parlors."

My dearest friend recently was widowed when a man evidently under the influence of liquor, and driving a car, crushed and killed her husband, an old friend of ours of over 30 years acquaintance.

For her life long sorrow, for him life ended here too soon!

Recently a challenge was thrown to me about being "a Christian." Accepting that challenge I reply "If my belief in an Eternal God and in His Son Jesus Christ as our Redeemer from all human frailties and wrong doing and hope of Life beyond this earth through His grace gives me the right to claim the name of Christian, that I trust I may venture to do so. Life is not a passive sit-down job but a "fight, the good fight with all thy might" and I who have one dear son fighting with the Canadians overseas and until 1941 had a younger son now his Heavenly King and "Journeying On," am glad today that neither lad knew the desire for drinking liquors through my example or of any in our home.

We all need courage to say "No." No, to drinking too much, to bad company. "Abstain from all appearance of evil and remember that, the Bar is, I quote:

A bar to honor, pride and fame,
A bar to sorrow, sin and shame,
A bar to honored, useful life,
A bar to senseless, brawling strife.

A bar to joys that home imparts,
A bar to tears, and broken hearts.

A bar to Heaven,
A door to Hell;
Whoever named it,
Named it well.

Let us older folks lead the way, offering no offence to others by abstaining altogether to cause any to stumble.

MILK SUBSIDY FORMS

Sir: Your attention has been drawn to a statement recently appearing in the press referring to a circular distributed to the Vancouver Island milk producers by this organization. We wish to draw attention to our comment, "It is presumed that all producers must apply for milk subsidy forms." That was the information available when the circular was written. It has since developed that all producer-shippers will be taken care of by their respective distributing houses. Now only the producer-distributor and the distributors have to make application for the subsidy direct. We shall be glad as the largest organization of milk producers on Vancouver Island to give any advice and assistance to any milk producer who may care to write the secretary, 963 Yates Street, Victoria, B.C.

EXPRESSES APPRECIATION

Sir: The people of British Columbia and Yukon have again acquitted themselves worthily by comparison with other parts of Canada in their response to the Fifth Victory Loan. Of all the very many acknowledgments of assistance to the cause there is none that we in the Provincial Public Relations Section make with more genuine enthusiasm than to the press.

The very important influence which you have in formulating public opinion and the position of vital importance which you hold in conveying information and inspiration to your readers gives you an opportunity for national service that is singular in its effectiveness.

That you have placed your paper and all the personnel connected with it squarely behind the National War Finance Committee has been again simply demonstrated by your splendid support of Canada's Fifth Victory Loan and we wish to take this opportunity of expressing our grateful appreciation to you.

ACTIVITIES AT THE HOSTESS HOUSE, SIDNEY

Wednesday afternoon all the groups of the Air Force Auxiliary met for their monthly meeting in the lounge, and after the business meeting, tea was served by Mrs. Douglas Wilks. We noticed a box full of beautifully made toys, dolls and animals, the work of the members of the auxiliary. It looks as though Christmas is not far off and there is a treat in store for the children of the Air Force living in and around Sidney.

You would have been a little amazed on Wednesday evening — we were — when we saw two airmen come dashing into the hall with a white rabbit — explanation — a "Scavenger Hunt," and all that was required to complete the list of required articles was the foot of a rabbit — and they found it — with three others attached, also a body, head and tail! The airmen won — and the rabbit was safely returned to his home. The hunters on their return sat down to a good dish of home-made pork and beans and everyone decided that LAW Irene Thorsen, R.C. A.F., W.D., knew how to organize a "Scavenger Hunt."

On Remembrance Day friends dropped in to see us and in the evening the canteen had a busy time. Friday morning sharp at 9 a.m. the Re-make School began in the recreational hall, and from then till 12 noon last year's dresses went through a change and even grandfather's dinner jacket began to show signs of rejuvenation, and when the break came for lunch everyone felt they had learnt a great deal under Miss Gibbons' expert guidance. The class was resumed at 1 p.m. till 4 o'clock. Mrs. Rose very kindly looked after the small children in the nursery while mother attended the school. These classes will be held every Friday till Christmas from 9 to 12 and 1 to 4. All service wives welcome.

A small clinic on Monday, reported Miss Ellis and Mrs. Meeks. LAC and Mrs. Lefroy of Armstrong, B.C., and their small son Kit have been guests of the Hostess house while waiting to move to their new home in Sidney.

Letters have been received from Kiska, where some of the lads who used to visit the Hostess House last summer are now stationed and they say "Hello, Sidney!" It should be "some" Christmas pudding as every soldier, airman and W.D. who passed the kitchen on Tuesday night stirred the pudding and wished a wish, good old customs brought back again every Christmas, and Mrs. Harper saw that every one had a chance to lend a hand with the pudding and make their wish.

Pachino: R.A.F.'s First Sicilian Airfield

The first Sicilian airfield captured by British troops was at Pachino. The Italians, fearful of invasion, had ploughed the entire field with furrows two feet deep, but the Royal Engineers got to work on it immediately. The first Sicily-based squadron of Spitfires landed in the morning of the third day of the invasion. The use of Pachino airfield saved tons of petrol, as previously British fighters had to operate from Malta, 80 miles away. Picture shows: A Spitfire taking off for its first patrol from Pachino aerodrome while the R.E.'s are still at work with a steam roller.

Where ARE NEILSON'S CHOCOLATE BARS GOING THESE DAYS?

We are not surprised that people ask that question when they go into a store and find no "Neilson's" chocolate bars... and here is the reason:—There are so many more people buying chocolate bars today than ever before, that no sooner are the popular Neilson's high-quality favourites placed on sale than they are sold. So, in spite of the fact that Neilson's Chocolate Bars are being produced in the maximum quantity, in accordance with wartime restrictions on the use of raw materials, they are naturally in short supply. We feel sure you will understand this.

Neilson's Quality remains as always — the highest!

FORMER SIDNEY BOY MARRIED IN VICTORIA

(Continued from Page One)
Mrs. Slater, mother of the groom, in a dress of navy crepe with hat to match and corsage bouquet of yellow roses. A three-tiered wedding cake, set in white tulle and surrounded with sweetheart roses and heather, centred the refreshment table which was decorated with pink carnations and tall white tapers in silver holders. Rev. MacAllister proposed the toast to the bride.

Bdr. and Mrs. Slater left on the midnight boat for the mainland, the bride travelling in a French blue wool dress topped with a camel-hair coat, smart brown hat and veil and brown accessories. They will reside in Vancouver.

Among the many beautiful gifts received were an unadorned silver and crystal cake plate, from the St. Andrew's and Caledonian Societies; a table lamp from the Sewing Club of the St. Andrew's and Caledonian Societies, and a luncheon set from Eddy's staff, where the bride was employed.

Officers and members of Mount Newton Lodge, No. 511, A.F. & A.M., have now completed arrangements for their annual ball, to be held in the Agricultural Hall at Sannichton on Friday, Dec. 3. The Ladies of Ruth Chapter, Order of the Eastern Star, will cater for the sit down supper. Tickets may be obtained from members of Mount Newton Lodge.

Private Marie Christie, of the Canadian Women's Army Corps, who designed for the costumes for the Lantz on Broadway and trained under Valentina, the New York designer, has passed judgment on the C.W.A.C. uniform . . . which she now wears.

"I find it very smart," she said. "The skirts are best, the interlinings for the gowns are smart and the details . . . you couldn't wish for anything nicer. Lisle stockings should be worn with woollens anyway and the kepi (khaki peaked cap) has character."

re FREE LIGHT and POWER

In order that there may be no misunderstanding with regard to the recent order of the Public Utilities Commission stipulating "no charge" for a two-month period on light and power consumption, attention is called to the following clause laid down by the Commission:

"In cases where the amount of current consumed by any customer during the 'no charge' period is abnormally high, a charge may be made by the company, with the consent of the commission, for current consumed in excess of the consumption during the month's billing period immediately preceding."

The attention of light and power consumers is also directed to the following:

Abnormal and wasteful use of electric light and power means an increased consumption of fuel at the Company's steam plants. Any unnecessary use

of fuel is contrary to the conservation regulations made by the Comptroller in the interests of the National War Effort.

Unnecessary overloading of plant facilities by wasteful use of electrical energy will lead to poor service and very probable curtailment of supply.
